

SFB 1286 Quantitative Synaptology

## Seminar

Prof. Frank Noé  
Freie Universität Berlin

From long-time molecular dynamics to cellular signaling  
with simulation and machine learning

Friday, 23. November 2018 at 14:00, seminar room

Center for Biostructural Imaging of Neurodegeneration (BIN)  
Von-Siebold-Straße 3a, 37075 Göttingen

Hosted by Prof. Silvio Rizzoli
