

SFB 1286 Quantitative Synaptology

## Seminar

Prof. Jean-Christophe Rochet  
Department of Medicinal Chemistry and Molecular  
Pharmacology, Purdue University

Role of aberrant alpha-synuclein-membrane  
interactions in Parkinson's disease-related  
neurotoxicity

Monday, 17. December 2018 at 11:00 am, seminar  
room, ground floor

Prof. Tiago Outeiro  
Department of Experimental Neurodegeneration  
Waldweg 33, 37073 Göttingen

Hosted by Prof. Tiago Outeiro
